

Dear Faculty, Advisors, and Student Leaders

We cordially invite you to participate in the 12th annual session of South China Model United Nations (SCMUN XII), taking place on January 26-28, 2024, at our affiliated school Nansha, College Preparatory Academy in Guangzhou, China. After deliberate consideration, we at SCMUN have decided that our conference the theme this year will be motion for change. In the context of positive changes, countries build empathy to embrace, improve technology to innovate and eliminate injustice to unite. We believe it is more than necessary to moderate across the national, political, and racial barriers into a better circumstance. The long-term interest of governments and countries are greater than short-term prosperity. Besides, changes also includes the scientific progress and advanced ideologies, Just as Chinese President Xi Jinping said, “We should strive to build this planet, where we were born and grew up, into a big, harmonious family and turn people's aspirations for a better life into reality.”

The year 2024 will mark a milestone for SCMUN as we will strive to construct a delightful environment from academics to logistics. Quality is what we are looking for. This year, delegates and chairs will have the option of engaging in vibrant debates and collaboration in our 7 redesigned committees. In addition, one committee will be conducted in North American MUN procedures as we wish to diversify our academic practices of Model UN. Our highly professional staff members will abide by our faith: promote cooperation and serve you to the best of their abilities. If your school or institution is interested in registering for our conference, please fill out the School Registration Form through our website. The deadline for school registration is October 27, 2023. Moreover, students are encouraged to apply for a chair position through the external chair application portal on our website.
